SUBJECT: Request for Additional Support for 1987 National
Assessment of the Hostile Intelligence Threat and
US Countermeasures (U)

REFERENCE: DCI/ICS-87-0760, 9 January 1987 (copy attached).

1. We have received a number of useful contributions for the subject assessment from the military services and Defense agencies. We need to know more, however, about security countermeasures(SCM). The final product should reflect accurately SCM accomplishments as well as effectiveness and shortfalls and include recommendations in this important area. We would, consequently, appreciate receiving short papers on the subjects listed below and/or having the opportunity to discuss them with the appropriate people in your Policy area. In view of the mid-August milestone for the initial draft of the Assessment, we would very much appreciate an early response to this request. My staff has discussed this matter with Mr. Maynard Anderson of your staff who is willing, subject to your agreement, to provide the additional information we need. (U)

2. The subjects we would like addressed are listed in section IV-D of the attached Terms of Reference. They include the following: Personnel and Physical Security, OPSEC, INFOSEC, Industrial Security, TSCM, FOCI, National Defense Disclosure Policy, Tech Transfer Controls, Security Awareness, Port Security, and Security Training. (U)

3. Please address papers or inquiries on the above subjects to Messrs of my office. Arrangements for discussions should also be made with them. They can be reached on
